Industrial Medicine
Volume 12 - Index 1943
Subjects

ABSENTEEISM
—a psychiatrist looks at industrial truancy, Lowell S. Selling, M.D., Ph.D., Dr. P.H., F.A.C.P., (April) 189
—causes and prevention, abs. of proceedings of the seventh annual meeting of Industrial Hygiene Foundation of America, Inc., November, 1942, (Jan.) 23
—causes of, R. R. Sayers, M.D., (April) 250
—control, J. J. Wittmer, M.D., (May) 281
—decrease and work efficiency increase through menstrual exercises, A. C. Dick, M.D., H. E. Billig, Jr., Lieut. M.C. (USNR), and Mrs. H. N. Macy, R.N., (Sept.) 588
—dental ill health in relation to, Harold A. Hooper, D.D.S., (Jan.). 5
—due to sickness, Daniel L. Lynch, M.D., F.A.C.S., (Sept.).....575
—family physicians' responsibility in, (Nov.) 756
—in Great Britain, (March).....183
—in the news, editorial, (March)...156
—industrial, its medical phase, R. Franklin Jukes, M.D., (Aug.)...553
—industrial physician and his relation to, J. J. Wittmer, M.D., (May) 284
—observations on, Harold Earnheart, M.D., (June).....367
—pruritus ani and, a review of the literature and report on a new form of adjuvant therapy, R. H. Aldrich, M.D., (Oct.).....654
—reducing, OWI release, (April)...247
—statistical analysis of the medical causes of, Daniel L. Lynch, M.D., (April) 236
—systematic plans for reduction, (June) 417
—unauthorized time away from the job, U. S. Dept. of Labor, (May).338
—women as absentees, (Jan.)..... 46
ACCIDENTS (See also Injuries)
—first aid in common types of accidents, J. M. Carlisle, M.D., (Feb.) 73
—industrial hazards and their prevention, a survey based on 3600 accidents, Joseph J. Toland, Jr., M.D., F.A.C.S., and Igho Kornblueh, M.D., (Aug.).....534
—prevention begins where you are, Leopold Brahdy, M.D., (July).....450
—proneness, (Feb.) 109
—visual efficiency and, abs. paper presented at National Safety Congress by Hedwig Kuhn, M.D., (Nov.) 744
ACID
—hydrofluoric, burns, Div. Industrial Hygiene, Nat. Institute of Health, (Sept.) 634
ALUMINUM POWDER
—abs. of proceedings of seventh annual meeting of Industrial Hygiene Foundation of America, November, 1942, (Jan.)..... 17
AMERICAN ASSOCIATION OF INDUSTRIAL PHYSICIANS AND SURGEONS
—abs. of proceedings of 28th annual meeting, (July) 454
—history and aims, (June).....396
—history in the making, (Sept.)....569
—program of annual meeting, (July) 456
AMERICAN INDUSTRIAL HYGIENE ASSOCIATION
—abstracts of proceedings of 4th annual meeting, (July).....454
—program of annual meeting, (July) 456
—news of local sections, (Jan., April, July, Oct.).....68, 263, 502, 720
AMERICAN PUBLIC HEALTH ASSOCIATION
—abs. of papers presented at the 71st annual meeting of the A.P.H.A., October, 1942, (Jan.)..... 60
—notice of meeting, (Sept.).....638
AMINOTHIAZOLE
—toxicity, R. M. Watrous, M. D., (Dec.) 832
ANKLE
—fractures about the, E. P. Gillespie, M.D., (March) 160
—sprains, incidence, treatment, diagnosis, and lost-time incurred, Ralph W. Bohnsack, M.D., and Jerome E. Andes, M.D., Ph.D., F.A.C.P., (Sept.) 588
ANESTHESIA
—reduced temperature, for surgery of trauma, Joseph M. Dziob, M.D., (Feb.) 79
ARTHRITIS
—six-year study of, therapy with special reference to pharmacology, toxicology and therapeutics, R. Garfield Snyder, M.D., F.A.C.P., Willard H. Squires, M.D., F.A.C.P., and John W. Forster, M.D., (May) 291
—therapeutic value of electrically activated ergosterol when administered intramuscularly, R. Garfield Snyder, M.D., F.A.C.P., Willard H. Squires, M.D., F.A.C.P., John W. Forster, M.D., and Emmanuel Rudd, M.D., (Oct.).....663
ASTHMA
—prevention, Irving Gray, M.D., F.A.C.P., and Murray M. Albert, M.D., (Dec.) 801
AUTOMOTIVE
—medical panel for exchange of information on health and safety in automotive industrial plants, (Oct.) 662
BACK
—low, pain of industrial workers, W. Horace Means, M.D., (March).180
—low, pain, some anatomical considerations, Max T. Schnitker, M.D., (Jan.)..... 5
—strain in industry, Halstead G. Murray, M.D., (Nov.).....730
BENZOL (See also Solvents)
—American occupational exposures to, H. P. Quadland, (Nov.).....734
—poisoning, method for its control in a light chemical plant, R. M. Watrous, M.D., (Nov.).....721
BIOGRAPHIES
—Bartle, Harvey, M.D., (Sept.).....569
—Bell, Richard P., M.D., (Sept.)....571
—Brown, Henry S., M.D., (Sept.)...571
—Cummings, Donald E., (Jan.) (July) 54, 490
—Hazlett, T. Lyle, (Sept.).....571
—Heller, Edward P., M.D., (Sept.)..571
—Holmblad, Edward C., M.D., F.A.C.S., (Sept.) 570
—Kehoe, Robert A., M.D., (Sept.)...570
—McCord, Carey P., M.D., (Sept.)..572
—Newquist, Melvin N., M.D., (Sept.) 570
—Poole, Fenn E., M.D., (Sept.).....573
—Rodenhurst, De Witt C. (March) 154
—Sawyer, William A., M.D., (Sept.) 573
—Shoudy, Loyal A., M.D., F.A.C.S., (Sept.) 570
—Slobe, Frederick W., M.D., F.A.C.S., (Sept.) 570
—Story, Theodore L., M.D., (Sept.).573
—Vonachen, Harold A., M.D., (Sept.) 574
—Vosburgh, Beverly L., M.D., (Sept.) 574
—Watson, Cassius H., M.D., (Dec.)843
—Wittmer, John J., M.D., (Sept.)..574
BLOOD COUNT
—benzol poisoning, methods for its control in a light chemical plant, R. M. Watrous, M.D., (Nov.).....721
—platelet, changes in, due to nitrous fume exposure, A. J. Fleming, M.D., (March) 127
BLOOD DONATIONS
—by war workers, Medical Committee, Industrial Hygiene Foundation, (May) 318
BLOOD PRESSURE
—medical control of exposure to toxic chemicals, John H. Foulger, M.D., (April) 214
—significance of rising, as shown by periodic examinations, Nathan Smith Davis, III, M.D., F.A.C.P., (Nov.) 738
BOOK REVIEWS
—Essentials of Industrial Health, by C. O. Sappington, M.D., Dr. P.H., (April, May).....226, 334
—Exploring the Dangerous Trades, Autobiography of Alice Hamilton, M.D., (May) 290
—Fracture Treatment, by Edward L. Compere and Sam W. Banks, (Aug.) 530
—Kaiser Wakes the Doctors, by Paul De Kruif, (Oct.).....702
—Manual of Industrial Hygiene, edited by William M. Gafafer, (May) 290
—The Mind of the Injured Man, by Joseph L. Fetterman, M.D., (Aug.) 530
—Noxious Gases and the Principles of Respiration Influencing Their Action, by Yandell Henderson and Howard W. Haggard, (May).....334
—Principles and Practice of Industrial Medicine, edited by Fred J. Wampler, M.D., (Aug.).....530
—Rehabilitation of the War Injured, a symposium edited by Wm. B. Doherty, M.D., and D. D. Runes, Ph.D., (Oct.) 703
—The Science of Nutrition, by H. D. Sherman, (Sept.) 632
BRONCHITIS
—wood dust as a cause of, W. L. Bergman, Ph.C., George J. Rukstinat, M.D., and Wm. D. McNally, A.B., M.D., (Aug.).....509
BRUCELLOSIS
—preliminary repot on treatment, O. W. Schreiner, M.D., (Dec.)..840
BURNS
—and compound fractures, a review of their closed treatment, Harry H. Alexander, Jr., M.D., (July)...434
—hydrofluoric acid, Div. Industrial Hygiene, Nat. Institute of Health, (Sept.) 634
—industrial injuries, new trends in treatment, Henry H. Rubin, M.D., (Nov.) 796
—local therapy for industrial, G. H. Collings, Jr., M.D., (May).....301
—magnesium burns in industry, Frank J. Jarzynka, M.D., (July)..427
—treatment of, the pressure ointment method, Otto Meyer, M.D., (Nov.) 727
CARBON TETRACHLORIDE
—colloquy on susceptibility, (March) 133
—comments of Manfred Bowditch, (July) 440
—editorial, (Sept.) 596
—in industrial hygiene, William H. Easton, Ph.D., (Jan.)..... 1
—reports of occupational injuries due to, . P. Quadland, (Dec.)....821
CARDIAC
—in industry, Rufus B. Crain, M.D., (June) 368
—under forty-five, his placement, Walter S. Priest, M.D., (Dec.)..805
CAUSALGIA
—and causalgia states, Lawrence L. Hobler, M.D., F.A.C.S., (Nov.).724
CENTRAL STATES SOCIETY
—and Chicago Societies, program of annual meeting, May, (June).....397
—announcement of mid-winter session, (Nov.) 737
CHEMICALS (See also Solvents, Toxic Materials)
—chlorinated naphthalenes and diphenyls, Leonard Greenburg, M.D., (Aug.) 520
—medical control of industrial exposure to toxic, John H. Foulger, M.D., (April) 214
—medical precautions and treatments associated with the industry, Thomas W. Nale, M.D., (Aug.) 505
CHLORINATED SOLVENTS (See Solvents)
CHOLECYSTECTOMY
—follow-up on, R. Russell Best, M.D., (June) 393
CLINICAL
—laboratory in industrial medical

practice, Francis V. Kowals, M.D., (May) 274
COLDS
—abs. of proceedings of the 7th annual meeting of Industrial Hygiene Foundation of America, November, 1942, (Jan.) 24
—oral prophylaxis against upper-respiratory infections, Thomas B. Herron, M.D., (Sept.) 590
COMPENSATION CARRIER (See also Medicolegal, Workmen)
—physician and surgeon, relationship to the, in wartime, John W. Vaccaro, (June) 402
CUTTING OILS
—and the skin, Christopher Leggo, M.D., (Feb.) 102
—prevention of skin rashes—practical solution of the problem, James H. Biram, M.D., (April) 208
DEGREASING
—theory, Kenneth and Morse, (Oct.) 708
DENTAL
—ill health, in relation to absenteeism, Harold A. Hooper, D.D.S., (Jan.) 3
DENTAL PROGRAMS
—in industry, suggested principles and policies, (Nov.) 780
DENTISTRY
—industrial association, announcement of the organization, (Nov.) .737
—industrial, Los Angeles County Dental Society Questionnaire, (Oct.) 682
—notes on, in industry, (Jan.) 31
—the place of, in industrial health programs, Lyman D. Heacock, D.D.S., M.P.H., F.I.C.D., (Oct.) ..672
—role of, in an industrial medical program, Ernest Goldhorn, D.D.S., (May) 322
DERMATITIS
—contact, with special reference to industrial, preliminary report, Nelson Paul Anderson, M.D., (Sept.) 584
—due to formaldehyde resins, prevention and methods of control, Kenneth E. Markuson, M.D., M.P.H., Thomas F. Mancuso, M.D., and John S. Soet, (June) ...383
—industrial, 481 cases, Harry J. Davis, M.D., (June) 381
—abs. of proceedings of 7th annual meeting of the Industrial Hygiene Foundation of America, Inc., November, 1942, (Jan.) 18
—occupational, as seen by the industrial nurse, David G. Welton, M.D., (Aug.) 562
—prevention of skin rashes—the practical solution of the "cutting-oil" problem, James H. Biram, M.D., (April) 208
—soap versus industrial, Georgia Leffingwell, Ph.D., and Milton A. Lesser, B.Sr., (Nov.) 739
—trinitrotoluene—its effective removal from the skin by a special liquid soap, W. D. Norwood, M.D., (April) 206
DIPHENYLS
—chlorinated, Leonard Greenburg, M.D., (Aug.) 520
DISEASE
—heat, clinical aspects of, G. H. Collings, Jr., M.D., Loval A. Shoudy, M.D., and F. E. Shaffer, M.D., (Nov.) 728
—occupational considerations, Emery R. Hayhurst, M.D., (July) ...443
—trends in occupational, Irving Gray, M.D., (April) 202
DISLOCATIONS
—of the knee joint, and their complications, William R. Cubbins, M.D., James J. Callahan, M.D., and Carlo S. Scuderi, M.D., (Nov.) 732
DISPENSARY
—industrial, E. B. Lamb, M.D., (May) 270
—industrial health units, designs for the smaller installations, Wayne L. Ritter, M.D., and J. W. Dugger, M.D., (Oct.) 650
DOCTOR (See Physicians, Surgeons)
DUST
—hygienic disposal of collected dry, C. A. Snyder, (Jan.) 59
—lead hazard occurring during repair of a burned ship, Lieut. Walter E. Fleischer, MC, (USNR) and Ensign Frederick J. Viles, (Oct.) 713
—magnesium, abs. of proceedings of the 7th annual meeting of Industrial Hygiene Foundation of American Inc., November, 1942, (Jan.) 17
—wood, as a cause of bronchitis, W. L. Bergman, Ph.C., George J. Rukstinat, M.D., and Wm. D. McNally, A.B., M.D., (Aug.) 509
DYSMENORRHEA
—menstrual exercises, absenteeism decrease and work efficiency increase, A. C. Dick, M.D., H. E. Billig, Jr., Lieut. M.C.-V (S) USNR, and Mrs. H. N. Macy, R.N., (Sept.) 588
—nethacetin in the management of, Carroll J. Fairo, M.D., (April) .204
EFFICIENCY
—problems of night work, influences on health and, Ludwig Teleky, (Nov.) 758
EMERGENCIES
—medical program at the time of a devastating flood, Harold A. Vonachen, M.D., (July) 438
—surgical, in industries, Basil R. Beltran, M.D., F.A.C.S., (July) .431
EMERGENCY SICKNESS
—and immediate care, Harvey Bartle, M.D., (Sept.) 606
EMPLOYEE MANUAL
—the company rule book as an opportunity for health and safety education, (Jan.) 50
EPIDIDYMITIS
—industrial, and epididymo-orchitis, Marvin L. Amdur, M.D., (June) 371
ERGOSTEROL
—effect on the rat of electrically activated, Chapman Reynolds, M.D., and Edward L. Burns, M.D., (Dec.) 835
—therapeutic value of electrically activated, when administered intramuscularly, R. Garfield Snyder, M.D., F.A.C.P., Willard H. Squires, M.D., F.A.C.P., John W. Forster, M.D., and Emmanuel Rudd, M.D., (Oct.) 663
EXAMINATIONS:
—assistance with, management's role in industrial nursing, J. J. Bloomfield, (Nov.) 798
—industrial physical, (Nov.) 750
—nurse's part in the physical, H. Glenn Gardiner, M.D., (Nov.) 794
—observations on periodic, T. H. Mitchell, M.D., (May) 355
—of women in industry, observations of a woman physician, Dorothy F. Frame, M.D., (May) .266
—physical pre-employment, as an aid to a construction company, W. H. D. Hinchman, R.P.E., (March) 153
—routine serologic testing of 15,000 employees, Major Charles R. Rein, M.C., and Margaret G. Stephens, (June) 364
—streamlined pre-employment, during wartime, John J. Prendergast, M.D., (July) 423
—unusual findings in pre-employment, Wendell S. Keate, A.B., M.D., (Sept.) 582
EXHAUST VENTILATION (See Ventilation)
EXPLOSIVES (See also toxic materials)
—medical control of exposure to, John H. Foulger, M.D., (April) .214
—some toxic reactions of common, James H. Eddy, Jr., M.D., (July) .483
—trinitrotoluene, its effective removal from the skin, W. D. Norwood, M.D., (April) 206
EYES (See also Vision, Ophthalmology)
—industrial injuries, new trends in treatment, Henry H. Rubin, M.D., (Nov.) 796
—industrial worker's, (March) 178
FATIGUE
—a misnomer, Harvey Bartle, M.D., (July) 436
—abs. of proceedings of the 7th annual meeting of Industrial Hygiene Foundation of America, November, 1942, (Jan.) 16
FEMUR
—intracapsular fractures, a new method of nailing the neck of the, R. W. Poborsky, M.D., (April) .211
FIRST AID
—British method of blanketing a casualty, (May) 322
—corps of Consolidated Vultee Aircraft Corporation, Nashville, Carrington Harrison, M.D., (June) .39
—emergency sickness and immediate care, Harvey Bartle, M.D., (Sept.) 60
—medical, in common types of accidents, J. M. Carlisle, M.D., (Feb.) 7
—outline of, for nurses in industry, including minor treatment and routine, Frederick W. Slobe, M.D., F.A.C.S., (May) 35
—purpose of (acquainting new employees), (Nov.) 784
FLAMMABILITY RATINGS
—organic industrial solvents in terms of their fire hazards, William H. Easton, Ph.D., (Oct.) 647
FLASH BURNS
—(Dec.) 885
FOOT
—symptoms, instructions and exercises for their relief, Peter Cyrus Rizzo, M.D., F.A.C.S., (Feb.) 80
FORMALDEHYDE RESINS
—dermatitis due to, prevention and methods of control, Kenneth E. Markuson, M.D., M.P.H., Thomas F. Mancuso, M.D., and John S. Soet, (June) 383
FRACTURES
—about the ankle, E. P. Gillettee, M.D., (March) 160
—burns and compound, a review of closed treatment, Harry H. Alexander, Jr., M.D., (July) 434
—intracapsular, a new method of nailing the neck of the femur, R. W. Poborsky, M.D., (April) .211
—new trends in treatment of industrial injuries, Henry H. Rubin, M.D., (Nov.) 796
FUMES
—fever due to zinc, (Dec.) 885
GALLBLADDER
—cholecystectomy, follow-up on, R. Russell Best, M.D., (June) ..393
GALLIUM
—toxicity of, exploratory investigation, Stuart F. Meek, Gordon C. Harrold and Carey P. McCord, (Jan.) 7
GASES
—method for handling cases gassed with nitrous fumes, including diagnostic and prognostic value of blood platelet counts, A. J. Fleming, M.D., (March) 127
—sewer gas hazards, C. Scott McKinley, M.D., (Dec.) 804
GLASS WOOL
—and thread, skin hazards in the manufacture, Louis Schwartz, M.D., and Isadore Botvinick, M.D., (March) 142
GROUP INSURANCE (See Insurance)
GYNECOLOGY
—women in industry from the standpoint of the gynecologist, Wesley T. Pommerenke, M.D., (Aug.) 512
HANDICAPS
—physical placement program for a large industrial plant, Alfred C. Dick, M.D., John L. Barritt, M.D., and T. W. Wills, (May) ...303
—rehabilitation, recent developments in Connecticut, James H. Biram, M.D., (March) 147
—rehabilitation of the handicapped, and their employment, James H. Biram, M.D., (July) 448
—who can work? D. L. Lynch, M.D., (March) 145
HAZARDS
—health, in welding, a review, Cemal Kiper, M.D., (March) 150
—industrial, and their prevention, a survey, Joseph J. Toland, Jr., M.D., F.A.C.S., and Igho Kornblueh, M.D., (Aug.) 534
—lead, control of in the manufacture of storage batteries, A. W. Elsten, M.D., and Grant Winn, Ph.D., (May) 276
—lead, occurring during repair of a burned ship, Lieut. Walter E. Fleischer, M.C., (USNR) and Ensign Frederick J. Viles, (Oct.) ..713
—organic industrial solvents in terms of their fire, William H. Easton, Ph.D., (Oct.) 647
—skin, in the manufacture of glass wool and thread, Louis Schwartz, M.D., and Isadore Botvinick, M.D., (March) 142

—women's wartime occupational, (July) 486
HEALTH (See also Industrial Health, Public Health)
—conservation in industrial establishments of the war department, Lt. Col. W. J. McConnell, MC, U. S. Army, (Sept.)....600
—control of, in industry, John H. Foulger, M.D., (March)....136
—dental ill, in relation to absenteeism, Harold A. Hooper, D.D.S., (Jan.) 5
—mental, of workers, Meyer Brown, M.D., Ph.D., Lieut. (jg) M.C. (USNR), (March) 148
—practical program of employee education in nutrition and, abs. presented at National Safety Congress, Harold A. Vonachen, M.D., (Nov.) 744
—problems, abs. of proceedings at 7th annual meeting of Industrial Hygiene Foundation, November, 1942, (Jan.) 20
—problems of night work on efficiency and, Ludwig Teleky, (Nov.) 758
—program, in terms of results, J. J. Wittmer, M.D., (Jan.).... 9
—service in war plants, abs. of presentation at National Safety Congress, C. O. Sappington, M.D., Dr. P.H., (Nov.)....743
HEALTH UNITS (See also Dispensary)
—industrial, considerations and designs for smaller installations, Wayne L. Ritter, M.D., and J. W. Dugger, M.D., (Oct.)....650
—new Center at Lever House, Canada, (May) 285
HEART (See also Cardiac)
—the workman's, symposium, (Dec.) 828
HEAT DISEASES
—clinical aspects of, G. H. Collings, Jr., M.D., Loyal A. Shoudy, M.D., and F. E. Shaffer, M.D., (Nov.).728
HERNIA
—actual, potential and healed, prevalence in defense workers as found at a naval supply depot, Howard A. Coyer, M.D., and G. M. Widder, Ph.D., (Nov.)....731
HOSPITAL
—employee health, Leopold Brahdy, M.D., (May) 344
HYGIENE (See also Industrial Hygiene)
—in-plant training, (Aug.)....531
HYSTERIA
—hindering, editorial, (Jan.).... 53
INDUSTRIAL
—dispensary, processing methods in treatment, E. B. Lamb, M.D., (May) 270
—injuries, management of, Henry W. Meyerding, M.D., (Sept.)....634
—newer opportunities in nursing, Crit Pharris, M.D., (Feb.)....118
—nurse, Marion G. Dowling, R.N., (Feb.) 124
—rules, twelve golden, Donald V. Baker, M.D., (March)....185
INDUSTRIAL DENTISTS ASSOCIATION
—announcement of the organization, (Nov.) 737
INDUSTRIAL HEALTH (See also Public Health)
—and the war, statistical analysis of medical causes of absenteeism, Daniel L. Lynch, M.D., (April)...236
—congress on, abs. of papers given, (Feb.) 81
—health conservation in industrial establishments of the war department, Lt. Col. W. J. McConnell, M.C., U.S. Army, (Sept.)....600
—in Canada, new Toronto Health Centre, (May) 285
—in wartime, abs. of papers given at the 97th annual meeting of Ohio State Medical Association, (April) 230
—its war and postwar significance, C. O. Sappington, M.D., Dr. P.H., (June) 361
—labor's attitude on, Louis Hollander, (Feb.) 77
—minimum requirements for safety and in contract shipyards, (April) 259
programs, the place of dentistry in, Lyman D. Heacock, D.D.S., M.P.H., F.I.C.D., (Oct.)....672
—refresher course questionnaire of Ohio, (May) 281
—units, designs for smaller installations, Wayne L. Ritter, M.D., (Oct.) 650
INDUSTRIAL HEALTH SERVICE
—birth of an, (Sept.)....640
—in war plants, abs. of presentation at National Safety Congress, C. O. Sappington, M.D., Dr. P.H., (Nov.) 743
INDUSTRIAL HYGIENE (See also A.I.H.A.)
—abs. of proceedings at the 71st annual meeting of American Public Health Association, October, 1942, (Jan.) 60
—abs. of proceedings of the 7th annual meeting of Industrial Hygiene Foundation of America, November, 1942, (Jan.).... 14
—administrative and working relationships, Lester M. Petrie, M.D., (July) 500
—effects of war on the scope of, Lloyd M. Farner, M.D., (Oct.)....714
—foundation, program 8th annual meeting, (Oct.) 662
—governmental, practice in 1942, J. J. Bloomfield, (July)....491
—in synthetic rubber manufacture, F. S. Mallette, (July)....495
—nurse's part in a program of industrial safety and, abs. paper presented at National Safety Congress, Clark D. Bridges, (Nov.) 746
—postwar, editorial, (Oct.)....705
—problem of, James G. Townsend, M.D., (July) 503
—references on, in relation to National Defense and War, compiled by National Health Library, New York City, (June)....420
—symposium, (Oct.) 718
—Wisconsin's unit, (May) 281
INDUSTRIAL HYGIENE FOUNDATION
—abs. of proceedings at the 7th annual meeting, November, 1942, (Jan.) 14
—preliminary program of 8th annual meeting, (Oct.) 662
INDUSTRIAL MEDICINE
—A. J. Amor, M.D., (Oct.)....693
—Emmet Dwyer, B.A., M.D., (Oct.) 686
—post-graduate course in, Long Island College of Medicine's second course, (Sept., Oct.), ...612, 668
INDUSTRY
—control of health in, John H. Foulger, M.D., (March)....136
—duties of nurses in, (Aug.)....565
—do women create more problems than men? Cathryn Nash, R.N., (July) 450
—examining women in, some observations of a woman physician, Dorothy F. Frame, M.D., (May).266
—nurses in, as teachers in good food habits, (Feb.)....118
—public health and, N. Millman, M.D., M.S.P.H., (June)....378
—war and tuberculosis, Clifford Kuh, M.D., Dr. P.H., (Jan.).... 34
INJURIES (See also Accidents, Hazards)
—industrial, new trends in treatment, Henry H. Rubin, M.D., (Nov.) 796
—management of industrial, Henry W. Meyerding, M.D., (Sept.)....634
—reports of occupational, attributed to volatile solvents, H. P. Quadland, (Nov.) 734
—surgical management of industrial, John J. Moorhead, M.D., (March) 140
INSURANCE (See also Workmen's Compensation)
—the group plan, (May) 345
—physician and surgeon relationship to compensation carrier, John W. Vaccaro, (June)....402
KAISER (See Shipyards)
KERATO-CONJUNCTIVITIS
—(Jan.) 44
—epidemic "Shipyard Eye," Clifford Kuh, M.D., (March)....184
—"Shipyard eye" (May) 336
KNEE JOINT
—dislocations of the, and complications, William R. Cubbins, M.D., James J. Callahan, M.D., and Carlo S. Scuderi, M.D., (Nov.)..732
LABOR, MANUAL
—attitude on industrial health measures, Louis Hollander, (Feb.) 77
LABORATORY
—clinical, in industrial medical practice, Francis V. Kowals, M.D., (May) 274
LAWS and LEGISLATION
—abs. of proceedings of 7th annual meeting of Industrial Hygiene Foundation, November, 1942, (Jan.) 21
LEAD
—control of hazards in the manufacture of storage batteries, A. W. Elsten, M.D., and Grant Winn, Ph.D., (May) 276
—hazard occurring during repair of a burned ship, Lieut. Walter E. Fleischer, MC (USNR) and Ensign Frederick J. Viles, (Oct.)...713
symposium, (Jan.) 55
LEGAL (See Laws, Medicolegal)
LIGHTING
—system, how to maintain at top efficiency, abs. of paper presented at National Safety Congress by A. K. Gaetjens, (Nov.)....743
LOW BACK (See Back)
MAGNESIUM
—burns, in industry, Frank J. Jarzynka, M.D., (July)....427
—dust, abs. of proceedings of 7th annual meeting of Industrial Hygiene Foundation of America, November, 1942, (Jan.).... 17
MANAGEMENT
—role in industrial nursing, J. J. Bloomfield, (Nov.) 798
MANPOWER
—abs. of proceedings of 7th annual meeting of Industrial Hygiene Foundation of America, November, 1942, (Jan.) 15, 30
MAXIMUM ALLOWABLE CONCENTRATION
—determining margins of safety, criteria for defining a "harmful" exposure, James H. Sterner, M.D., (Aug.) 514
—editorial, (Aug.) 532
MEDICAL DEPARTMENT
—maintenance of, management's role in industrial nursing, J. J. Bloomfield, (Nov.) 798
—organization and administration, M. H. Manson, M.D., F.A.C.S., (Dec.) 846
MEDICAL EDUCATION
—Long Island College of Medicine's second course in industrial medicine, program, (Oct.) 668
—"Wake Up Professor!" editorial, Rutherford T. Johnstone, M.D., (Oct.) 670
MEDICAL FACILITIES
—for the handling of large numbers of casualties, Carrington Harrison, M.D., (June) 392
—industrial, in Pennsylvania, results of a county by county survey, Joseph Shilen, M.D., (June).379
MEDICAL PROGRAM
—army, (Dec.) 879
—at the time of a devastating flood, Harold A. Vonachen, M.D., (July) 438
—the Kaiser, (Jan.).... 42
MEDICAL RECORDS
—seeing eye of industrial medicine, abs. of paper presented at National Safety Congress, Wm. J. Fulton, M.D., (Nov.)....744
—"Smith Suddenly Remembers," editorial, (Nov.) 752
MEDICAL SERVICES
—Cray Valley Industrial Association, (Aug.) 558
—disaster operations plan, (June).416
—industrial, Horace J. Whitacre, M.D., (July) 480
—industrial, OCD Bulletin, (May).343
—in industry, (Nov.)....786
—special problems in small and medium-sized plants, Edward C. Holmblad, M.D., F.A.C.S., (Dec.)862
—wartime industrial, Hugh P. Brinton, Ph.D., W. C. Dreessen, M.D., and Victoria M. Trasko, A.B., (Aug.) 522
—wartime industrial, with special comment on the Permanente Foundation, (March) 174
MEDICAL SOCIETIES (See also under names of specific societies)
—General Motors conference, (May) 265
—abs. of post-graduate Industrial Medical and Surgical Conference, Detroit, April, 1943, (May)....324
—Ohio State Medical Assn., abs. of papers presented at 97th annual

meeting, (April) 230
—Rhode Island Society of Industrial Physicians and Surgeons (meeting), (Nov.) 746
MEDICINE
—after the war, editorial, (July)..452
—organized, abs. of proceedings of the 7th annual meeting of Industrial Hygiene Foundation of America, Inc., November, 1942, (Jan.) 22
—socialized, "Political Liniment," (Nov.) 754
—state, abs. of article by Joseph Krafka, Jr., M.D., (May).....344
MEDICOLEGAL
—aspects of external trauma and peptic ulcer, Royal H. Fowler, M.D., F.A.C.S., (Sept.).....614
—occupational disease considerations, Emery R. Hayhurst, M.D., (July) 443
—responsibilities and limitations of nurses and lay personnel, (Nov.).795
MENSTRUAL
—exercises, absenteeism decrease and work efficiency increase, A. C. Dick, M.D., H. E. Billig, Jr. Lieut. M.C.—V (S) USNR, and Mrs. H. N. Macy, R.N., (Sept.)..588
MENTAL HEALTH (See also Psychiatry)
—of workers, Meyer Brown, M.D., Ph.D., Lieut. (jg) MC, USNR, (March) 148
MICA
—and pegmatite workers, pneumoconiosis among, T. F. Vestal, M.D., J. A. Winstead, M.D., Paul V. Joliet, M.D., (Jan.)..... 11
MOUTH: See Dental, Oral
MUSCLE
—pectoralis major, rupture of the, Morey Parkes, M.D., (April).....226
NAPHTHALENES
—and diphenyls, chlorinated, Leonard Greenburg, M.D., (Aug.).....520
NATIONAL CONFERENCE OF GOVERNMENTAL INDUSTRIAL HYGIENISTS
—abs. of proceedings of the 6th annual meeting, (July).....454
—program, (July) 456
NATIONAL SAFETY CONGRESS
—abs. of papers presented at the 32nd National Safety Congress and Exposition, October, 1943, (Nov.) 742
NERVOUS SYSTEM
—causalgia and causalgia states, Lawrence L. Hobler, M.D., F.A.C.S., (Nov.) 724
NETHACETIN
—in the management of primary dysmenorrhea, Carroll J. Fairo, M.D., (April) 201
NIGHT WORK
—problems of, influence on health and efficiency, Ludwig Teleky, (Nov.) 758
NITROUS FUMES
—method for handling cases gassed with, A. J. Fleming, M.D., (March) 127
NURSES
—duties of, in industry, (Aug.)...565
—in industry, Ruth M. Scott, R.N., (May) 357
—in industry, as teachers in good food habits, (Feb.).....118
—in industry, her functions and responsibilities, Joanna M. Johnson, R.N., (June) 386
—industrial, Marion G. Dowling, R.N., (Feb.) 124
—industrial, field and education, Christopher Leggo, M.D., (Nov.).793
—legal responsibilities and limitations of, (Nov.).....795
—occupational dermatoses as seen by the, David G. Welton, M.D., (Aug.) 562
—outline of first aid for industrial, Frederick W. Slobe, M.D., F.A.C.S., (May) 350
—part in the physical examination program, H. Glenn Gardiner, M.D., (Nov.) 794
—part in program of industrial safety and hygiene, abs. of paper presented at National Safety Congress, Clark D. Bridges, (Nov.) 746
—routine in a small plant, an annual report, (Aug.).....566
—selling your program to management, supervisors and workers, Marion G. Brittingham, R.N., (Feb.) 122
—standing orders for industrial, Council on Industrial Health of the A.M.A., (Oct.).....696
—twelve golden industrial rules, Donald V. Baker, M.D., (March) 185
NURSING
—home visits, J. J. Bloomfield, (Nov.) 798
—industrial personnel, essential for maximum war effort, (Jan.)..... 48
—industrial, service, a yardstick for judging its efficiency, Wayne L. Ritter, M.D., and Pearl H. Walden, R.N., (April).....212
—newer opportunities in industrial, Crit Pharris, M.D., (Feb.).....118
NURSING SERVICE
—optimum use of, in the war effort, Ella Mae Barkley, R.N., (Aug.).564
—routine in a small plant, an annual report, (Aug.).....566
NURSING SOCIETIES
—rehabilitation program of Greater Boston Branch of Industrial Nurses, (Nov.) 750
NUTRITION
—abs. of proceedings of the 7th annual meeting of Industrial Hygiene Foundation of America, Inc., November, 1942, (Jan.)..... 29
—editorial, (Oct.) 670
—educational techniques in, Clifford Kuh, M.D., (April).....210
—food for production, Quindra Oliver Dodge, (May).....297
—food in the factory, (May).....336
—industrial, manual, (June).....414
—information on, (March).....172
—practical program for industry, W. A. Sawyer, M.D., (May).....278
—practical program of employee education, abs. of paper presented at National Safety Congress, Harold A. Vonachen, M.D., (Nov.) 744
—psychology and industrial, Lowell S. Selling, M.D., Ph.D., Dr. P.H., (Feb.) 69
OCCUPATIONAL DISEASE (See Disease)
OPHTHALMOLOGY (See also Eyes, Vision)
—and otolaryngology, industrial, Gordon F. Harkness, M.D., (Oct.).658
—industrial, symposium, (Dec.)...830
ORAL (See also Dental)
—manifestations of occupational origin, (Jan.) 51
—prophylaxis against upper respiratory infections, Thomas B. Herron, M.D., (Sept.).....590
OTOLARYNGOLOGY
—industrial, Gordon F. Harkness, M.D., (Oct.) 658
PAIN
—syndromes, causalgia and causalgia states, Lawrence L. Hobler, M.D., F.A.C.S., (Nov.).....724
PALLADIUM
—and its compounds, the physiologic properties of, Stuart F. Meek, M. D., Gordon C. Harrold, Ph.D., and Carey P. McCord, M.D., (July) 447
PEGMATITE
—pneumoconiosis among mica and, workers, T. F. Vestal, M.D., J. A. Winstead, M.D., Paul V. Joliet, M.D., (Jan.) 11
PENICILLIN
—notes on, (Sept.) 644
PERSONNEL
—work, psychiatry in, Lydia G. Giberson, M.D., (March).....164
PHLEBITIS
—pressure dressing as an aid to prevention of, in treatment of burns, Otto Meyer, M.D., (Nov.).727
PHYSICAL PLACEMENT
—program for a large industrial plant, Alfred C. Dick, M.D., John L. Barritt, M.D., and T. W. Wills, (May) 303
PHYSICIANS (See also Medical Service, Surgeons)
—and surgeon, relationship to the compensation carrier in wartime, John W. Vaccaro, (June).....402
—doctor and public relations, Donald D. Hogate, (May).....269
—family, and war industry, (Dec.).885
—industrial and his relation to absenteeism, J. J. Wittmer, M.D., (May) 284
—plant, and safety engineer, cooperation between them, Christopher Leggo, M.D., (Oct.).....645
PLANT SURVEY (See Surveys)
PNEUMOCONIOSIS
—among mica and pegmatite workers, T. F. Vestal, M.D., J. A. Winstead, M.D., and Paul V. Joliet, M.D., (Jan.)..... 11
—silicosis and breathing function, abs. of proceedings of 7th annual meeting of Industrial Hygiene Foundation of America, November, 1942, Jan.)..... 22
—tripoli and silicosis, Carey P. McCord, M.D., and Stuart F. Meek, M.D., and Gordon C. Harrold, Ph.D., (June).....373
—wood dust as a cause of bronchitis, W. L. Bergman, Ph.D., George D. Rukstinat, M.D., and Wm. D. McNally, A.B., M.D., (Aug.) 509
PNEUMONIA
—atypical, Paul B. Beeson, M.D., (July) 487
POISONING (See also Chemicals, Solvents, Toxicology)
—benzol, method for its control in a light chemical plant, R. M. Watrous, M.D., (Nov.).....721
PRE-EMPLOYMENT EXAMINATIONS (See Examinations)
PRESSURE
—ointment method for treatment of burns, Otto Meyer, M.D., (Nov.).727
PREVENTION
—industrial hazards and their, a survey based on 3600 accidents, Joseph J. Toland, Jr., M.D., F.A.C.S., and Igho Kornblueh, M.D., (Aug.) 534
—medical precautions and treatments associated with the chemical industry, Thomas W. Nale, M.D., (Aug.) 505
PRURITUS ANI
—and absenteeism, a review of the literature and a report on a new form of adjuvant therapy, R. H. Aldrich, M.D., (Oct.).....654
PSYCHIATRY
—abs. of proceedings of the 7th annual meeting of Industrial Hygiene Foundation of America, Inc., November, 1942, (Jan.).... 26
—a psychiatrist looks at industrial truancy, Lowell S. Selling, M.D., Ph.D., Dr. P.H., F.A.C.P., (April).189
—in personnel work, Lydia G. Giberson, M.D., (March).....164
PSYCHOLOGY
—and industrial nutrition program, Lowell S. Selling, M.D., Ph.D., Dr. P.H., (Feb.)..... 69
—abs. of proceedings of the 7th annual meeting of the Industrial Hygiene Foundation of America, Inc., November, 1942, (Jan.).... 25
PUBLIC HEALTH (See also Industrial Health)
—and industry, N. Millman, M.D., M.S.P.H., (June).....378
—effects of war on the scope of industrial hygiene, Lloyd M. Farner, M.D., (Oct.).....714
PUBLIC RELATIONS
—the doctor and, Donald D. Hogate, (May) 269
PULMONARY EDEMA
—a method for handling cases gassed with nitrous fumes, A. J. Fleming, M.D., (March).....127
RADIUM
—painting, hazards and precautions, Kenneth M. Morse, M.S., and Milton H. Kronenberg, M.D., (Dec.) 810
REFERENCES
—medical, editorial, (Nov.).....752
—on industrial hygiene, (June)....420
—to source of occupational poisonings, H. P. Quadland, (Nov.) (Dec.) 734, 821
REHABILITATION
—abs. of proceedings of the 7th annual meeting of the Industrial Hygiene Foundation of America, Inc., November, 1942, (Jan.).... 27
—(Feb.) 111
—cardiac under forty-five, Walter S. Priest, M.D., (Dec.).....805

—recent developments in Connecticut, James H. Biram, M.D., (March) 146
—who can work? D. L. Lynch, M.D., (March) 145
RIVETERS
—study of 135 women working as riveters in aircraft industries, William C. Bradbury, M.D., and Charles Benjamin S. Evans, M.D., (Oct.) 690
RUBBER
—control of solvent exposures in the, industry, T. R. Thomas, P.A., and B. D. Tebbens, P.A., (April) 255
—synthetic, industrial hygiene in the manufacture of, F. S. Mallette, (July) 495
RUPTURE
—of the pectoralis major muscle, Morey Parkes, M.D., (April)....226
SAFETY
—and sanitation, management's role in industrial nursing, J. J. Bloomfield, (Nov.).....798
—color contrast for, abs. of paper presented at National Safety Congress by Mr. Faber Birren, (Nov.).743
—education, the company rule book as an opportunity for health and, (Jan.) 50
—minimum requirements for in contract shipyards, (April).....259
—nurses part in a program of, abs. of a paper presented at National Safety Congress, Mr. Clark D. Bridges, (Nov.) 746
—training in wartime, abs. of paper presented at National Safety Congress, Prof. John I. Yellott, (Nov.) 742
SAFETY ENGINEER
—plant physician and the, cooperation between them, Christopher Leggo, M.D., (Oct.).....645
SEROLOGIC TESTING
—rouine, of 15,000 employees, Major Charles R. Rein, M.C., and Margaret G. Stephens, (June)..364
SEWER
—gas, hazards in plants, C. Scott McKinley, M.D., (Dec.).....804
SHIPYARDS
—administrative and working relationships, Lester M. Petrie, M.D., (July) 500
—Kaiser, medical problem, (Jan.). 42
—minimum requirements for safety and industrial health in contract, (April) 259
SHOCK
—traumatic, new trends in treatment of industrial injuries, Henry H. Rubin, M.D., (Nov.)..796
SILICOSIS (See Pneumoconiosis)
SKIN (See also Dermatitis)
—hazards in the manufacture of glass wool and thread, Louis Schwartz, M.D., and Isadore Botvinick, M.D., (March).....142
—prevention of, rashes, practical solution of the "cutting-oil" problem, James H. Biram, M.D., (April) 208
—trinitrotoluene — its effective removal from the, by special liquid soap, W. D. Norwood, M.D., (April) 206
SOAP
—versus industrial dermatoses, Georgia Leffingwell, Ph.D., and Milton A. Lesser, B.Sc., (Nov.)..739
SOLVENTS (See also Chemicals)
—benzol poisoning, methods for its control, R. M. Watrous, M.D., (Nov.) 721
—chlorinated, in common wartime use, Dohrman H. Byers, (July).440
—chlorinated exposures at degreasing operations, Kenneth M. Morse, and Louis Goldberg, B.S., (Oct.) 706
—control of solvent exposures in the rubber industry, T. R. Thomas, P.A., and B. D. Tebbens, P.A., (April).....255
—organic industrial, in terms of their fire hazards, Wm. H. Easton, Ph.D., (Oct.) 647
—reports of occupational injuries attributed to volatile, H. P. Quadland, (Nov.), (Dec.)...734, 821
SPRAINS
—ankle, incidence, treatment, diagnosis and lost time incurred, Ralph W. Bohnsack, M.D., and Jerome E. Andes, M.D., Ph.D., F.A.C.P., (Sept.).....588
SPRAY PAINTING
—decision of district judge re the restriction of paint spray equipment, (June) 422
STANDING ORDERS
—for nurses in industry, Council on Industrial Health of the A.M.A., (Oct.) 696
STATISTICS
—medical, for 1942, M. G. Allan, (Nov.) 747
STERILITY
—arc welding and, (April).....249
SURGEONS
—clinic for industrial, (July).....476
—physicians and, relationship to the compensation carrier in wartime, John W. Vaccaro, (June)..402
SURGERY
—preventive, editorial, (Jan.)..... 32
—emergencies in industries, Basil R. Beltran, M.D., F.A.C.S., (July) 431
—management of industrial injuries, John J. Moorhead, M.D., (March).140
SURVEYS
—plant, abs. of proceedings of the 7th annual meeting of Industrial Hygiene Foundation of America, Inc., November, 1942, (Jan.).... 20
TEMPERATURE
—body, problems of night work influences on health and efficiency, Ludwig Teleky, (Nov.).....758
TOURNIQUET
—simplified for venipuncture, Wm. M. Hayes, M.D., (Feb.).....112
TOXICOLOGY
—acute and chronic toxicity, Geoffrey Woodard and Herbert O. Calvery, Ph.D., (Jan.)..... 55
—aminothiazole in industrial use, R. M. Watrous, M.D., (Dec.)....832
—chlorinated naphthalenes and diphenyls, Leonard Greenburg, M.D., (Aug.) 520
—chlorinated solvents in common wartime use, Dohrman H. Byers, (July) 440
—control of solvent exposures in the rubber industry, T. R. Thomas, P.A., and B. D. Tebbens, P.A., (April) 255
—criteria for defining a harmful exposure, determining margins of safety, James H. Sterner, M.D., (Aug.) 514
—industrial, abs., James C. Rice, Ph.D., (June) 421
—materials and processes, abs. of proceedings of the 7th annual meeting of Industrial Hygiene Foundation of America, Inc., November, 1942, (Jan.)..... 20
—medical control of industrial exposure to toxic chemicals, John H. Foulger, M.D., (April).....214
—of gallium, an exploratory investigation, Stuart F. Meek, Gordon C. Harrold, and Carey P. McCord, (Jan.) 7
—physiologic properties of palladium and its compounds, Stuart F. Meek, M.D., Gordon C. Harrold, Ph.D., and Carey P. McCord, M.D., (July) 447
—products and their control, plan for use in an industrial plant, A. C. Dick, M.D., and L. S. Hrdina, (Aug.) 519
—reactions of common explosives, James H. Eddy, Jr., M.D., (July).483
TRAUMA (See also Accidents, Wounds)
—external, and peptic ulcer, analysis of their relationship, Royal H. Fowler, M.D., F.A.C.S., (Sept.) 614
—traumatic surgery, temperature anesthesia for surgery of, Joseph M. Dziob, M.D., and Roswell K. Brown, M.D., (Feb.) 79
TRICHLORETHYLENE
—chlorinated solvent exposures at degreasing operations, Kenneth M. Morse, M.S., and Louis Goldberg, B.S., (Oct.) 706
TRINITROTOLUENE (TNT)
—its effective removal from the skin by a special liquid soap, W. D. Norwood, M.D., (April)...206
TRIPOLI
—and silicosis, Carey P. McCord, Stuart F. Meek, M.D., and Gordon C. Harrold, Ph.D., (June)..373
TUBERCULOSIS
—case finding in industry through mass survey, Irving R. Tabershaw, M.D., (March).....133
—case finding problems in industry, Julie E. Miale, R.N., (Sept.)...602
